

To LEAD is to go before or with, to show the way. To identify a need, a void, or an innovative way to make our world, better.

January 2021... Miami, Florida | There are so many people and groups doing the groundwork to make life better for others, across the globe – yet most are never recognized, praised, or helped to set the foundation to make their vision a reality. The **UNITY LEADS Award** was created to do just that.

Unity Coalition | Coalición Unida (UC | CU) is the organization for the Latinx | Hispanic & Indigenous LGBTQ community, advancing Equality & Fairness, through Education, Leadership and Awareness, since 2002. Our UNITY LEADS Award will seek these trailblazers, recognize their efforts & hard work, assist in getting their message and needs known, and provide a monetary incentive to help their vision to grow.

Nominations of individuals or groups will be welcomed based on Leadership qualities, Education being provided, Advocacy work, Determination to make a difference, and Services offered and needed.

HOW UC | CU's UNITY LEADS AWARD Works

We seek individuals and/or organizations that are doing great work in and for the LGBTQ+ communities globally, in innovative and resulting ways but are not necessarily known or recognized broadly.

The goal is to provide them and their work with exposure, access to donors & funders, some seed funding from UC | CU, and assist them in widening their audience and reach.

Each nominee and qualifying application will be reviewed by our funding board of community leaders, mentors & professionals, and will be considered on individual merit, needs based and long-term benefits of each request.

Anyone can nominate and submit application(s) for consideration. Awards will be announced each Spring.

LIDERAR es ir antes o con para mostrar el camino. Identificar una necesidad, un vacío o una forma innovadora de hacer nuestro mundo mejor.

Hay tantas personas y grupos que están haciendo el trabajo preliminar para mejorar la vida de otras personas en todo el mundo; sin embargo, la mayoría nunca son reconocidos, elogiados o ayudados a sentar las bases para hacer realidad su visión. El premio UNITY LEADS fue creado para hacer precisamente eso.

Con sede en el sur de Florida, Unity Coalition | Coalición Unida (UC | CU) es la organización para la comunidad LGBTQ latinx | hispana e indígena, que promueve la igualdad y la equidad a través de la educación, el liderazgo y la conciencia, desde 2002.

Nuestro Premio UNITY LEADS buscará a estos pioneros, reconocerá sus esfuerzos y arduo trabajo, ayudará a dar a conocer su mensaje y sus necesidades, y proporcionará un incentivo monetario para ayudar a que su visión crezca.

Las nominaciones de individuos o grupos serán bien recibidas en base a las cualidades de Liderazgo, la Educación que se brinda, el trabajo de Abogacía, la Determinación de marcar la diferencia y los Servicios ofrecidos y necesarios.
